SUGAR

Willett & Gray's Weekly Statistical Sugar Trade Journal for October 17 contains the following items:

The Week—Raws: Declined .65c. Refined: Unchanged. Net cash quotations this date are: Molasses, 3.00c.; muscovado, 3.40c.; centrifugals, 3.90c.; granulated, 4.65c.

Estimated afloats to the United States from Cuba and West Indies, 16,000 tons; Hawaii, 35,000 tons; Java, 160,000 tons; Peru, etc., 5000 tons. Total, 210,000 tons, against 190,000 tons last year.

Net Cash Prices Refined—It is generally understood that the lowest price named for refined here is basis of granulated, in barrels at 4.65c. net cash, quoted by federal.

Statistics by Special Cables—Cuba: The six principal ports. Receipts, none; exports, 5800 tons; stock, 46,000 tons, against 22,000 tons last year. Grinding has ceased. Stocks in the United States and Cuba together of 257,712 tons, against 283,912 tons last week and 261,393 tons last year, an increase of 56,319 tons from last year.

Europe: Stock in Europe, 556,000 tons, against 675,000 tons last year.

Visible Supply—Total stock of Europe and America, 813,712 tons, against 875,393 tons last year at the same uneven dates. The decrease of stock is 62,681 tons, against a decrease of 66,385 tons last week. Total stocks and afloats together show a visible supply of 1,038,712 tons, against 1,098,393 tons last year, or a decrease of 47,681 tons.

Raws.—Local markets and conditions are ignored for the moment and all attention is directed to the European sugar markets as influenced by the maturing beet crops.

The week opened with beet sugar at \$3.14-15, declining to \$3.21-22, at the close with contracts quoted at \$3.24-44, for November, \$3.44, for October-December, \$3.44-44, for January-March and \$3.44, for May. The latter are at or near the low point at which purchases would seem advisable. The decline noted is the direct result of the very favorable weather for maturing the crops and in anticipation of a quite full crop estimate by Mr. F. O. Licht now due.

Naturally in the absence of desire or necessity to do business here, no sales were made during the decline until the lowest quotation was received from Europe, and then on a small sale of 3500 bags Porto Rico centrifugals at 3.90c. per lb. for 96 deg. test, a decline of 5c. per 100 lbs. was established. Since this sale on October 15th nothing more is said, but probably buyers would take small lots on this basis if offered.

Cuba has received much needed rains in some sections of the island but still lacks moisture in other parts so that diminished crop from last year seems to be assured to a moderate extent.

Javas afloat are on the market but are not pressed for sale during this period, being held at 10s. 4-12d. c. f. f. 96 deg. test, equal to 3.95c. duty paid.

CHILDREN IN THE HOME.

Small children are always a source of anxiety to parents. Coughs, colds, croup and whooping cough attack the little ones and serious illness results almost before they are aware of it. One trial of Chamberlain's Cough Remedy for these troubles will prove its efficiency and give it a place in the home ever after. For sale by all dealers. Benson, Smith & Co., agents for Hawaii.
